RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the Office Action of February 3, 2006, wherein the Examiner requires a response to the restriction requirement and election of a single disclosed species, applicant herewith provisionally elects the embodiment shown in Figure 1B of the drawings, designated as Embodiment b.

However, applicant notes that Claim 1 is generic to essentially all of the embodiments disclosed in the present application, wherein the invention is directed to a hybrid munition device, and wherein the generic Claim 1 includes the structure which also incorporates the ALP concept (in effect, the Active Laterally-Effective Penetrator).

CERTIFICATION OF FACSIMILE TRANSMISSION

I hereby certify that this paper is being facsimile transmitted to the Patent and Trademark Office on the date shown below.

Dated: March 3, 2006
Leopold Presser

This concept, which is incorporated into generic Claim 1, is also applicable to all of embodiments as disclosed in the Office Action, and consequently, all of the various embodiments disclosed are of a primarily technological variation directed to a single inventive concept.

In view of the foregoing, although applicant elects the embodiment of Figure 1B of the drawings, the generic Claim 1 is considered to be directed to all of the embodiments, and favorable consideration of all of these in the present application is respectfully requested by the applicant.

Further, applicant respectfully requests that the Examiner proceed with an early examination on the merits of the elected embodiment, and, upon allowance of Claim 1, all of the remaining embodiments be permitted to remain in this application.

In the event that the Examiner has any queries concerning the instantly submitted Response, applicant's attorney respectfully requests that he be accorded the courtesy of possibly a telephone conference to discuss any matters in need of attention.

Respectfully submitted,

Leopold Presser
